These are good results. The top two bands are above average for Writing, Spelling and Numeracy. Our bottom two bands are always equal to or less than the National average, which is a good result. This shows the good teaching and learning occurring at the Primary schools in Years 5 and 6 and at our school in Year 7.

These are very good results. In the top two bands Trinity Catholic College is above the National average in Writing, Spelling, Grammar & Punctuation and Numeracy. In the bottom two bands Trinity was below the National average in all areas. This continues to show the value we add to the students throughout Years 7, 8 and 9.
