## Reflection

Dear Parents and Carers and friends of the Trinity Catholic College community,

I wish to thank all the students, parents and staff for the very warm welcome I have received. It's important to share my first impression of the College. Firstly, I must tell you just how proud I am of your children. I have been working in schools for over thirty years and the students I have met in the past few days have been some of the best I have come across. They are confident, intelligent and highly respectful. They reflect the wonderful support and example that is obviously provided at home and by their teachers.

Over the past few weeks, I have also met the staff of the College and again their professionalism, dedication and obvious hard work reflects their commitment to the vocation of teaching. We are all very blessed to have such a wonderful and supportive team to educate your children.

As we commence a new year I remind our community that we are celebrating the bicentenary of the Marist Brothers. Two hundred years ago Marcellin Champagnat founded a school in rural France to make Jesus known and loved. As we commence a new chapter in Marist life we are challenged to consider how this will look as the Brothers and the lay marist work together to reimagine a new Marist way for the future. It is an exciting time that will bring new life to our Marist project.

I hope that your children have had a wonderful start to the academic year and I look forward to working with you.

God Bless,

Mr Daniel Delmage  
Principal

## Wellbeing - Goal Setting

New Year + new opportunities = new aspirations. Goal setting is an important process that helps shape focus, direction and motivation. You will find a goal setting template at the back of the 2017 student diary. Consider engaging with your child to support them in their own goal setting. Click on the below link for more information.
